README

Website User Guide

This README file will guide you through the features and functionality of the website. The guide is divided into sections for regular users and admin users. Additionally, instructions for setting up and running the website are provided.

Table of Contents

Getting Started

Before using the website, ensure that it is hosted on a server or accessible via localhost. You can access it by visiting the URL provided by the hosting server or by running it on your local machine.

User Features

Register

1. Navigate to the **Register** page.

2. Fill in your details: username, email, and password.

3. Click **Submit** to create an account.

4. You will be redirected to the **Login** page upon successful registration.

Login

1. Navigate to the **Login** page.

2. Enter your email and password.

3. Click **Login** to access your account.

Homepage

1. After logging in, you will be directed to the **Homepage**, which displays featured products and website announcements.

2. Use the navigation menu to explore other sections.

Shop

1. Navigate to the **Shop** section.

2. Browse products, and click on a product to view its details.

3. Select a size (if applicable) and click **Add to Cart**.

Cart

1. Access the **Cart** page to view items added.

2. Increase or decrease the quantity of items directly in the cart.

3. Click **Checkout** when ready to proceed.

Checkout

1. In the **Checkout** section, add or confirm your billing information.

2. Review your order and click **Place Order** to complete your purchase.

Contact Us

1. Go to the **Contact Us** page.

2. Fill in your message and contact details.

3. Click **Send Message** to submit your inquiry.

Admin Features

Admin Login

1. Admins log in using the same **Login** page as regular users.

2. Use admin credentials to access the **Admin Dashboard**.

Admin Dashboard

1. **Income Report**

   o View income reports filtered by date range using the date picker (Start Date and End Date).

2. **Manage Users**

   o   View, edit, or delete registered users.

3. **Add Product**

   o   Enter product details: name, price, stock, and image.

   o   Click **Add Product** to save it to the inventory.

4. **View Clothes**

   o   Edit or delete existing products directly from the inventory.

5. **New Admin**

   o   Create a new admin by entering their name, email, phone, and password.

6. **Messages**

   o   View messages sent by users through the **Contact Us** form.

How to Run the Website

Hosted Version

1. Visit the website using the URL provided by the hosting provider.

2. Proceed with registration, login, and other features as described above.

Localhost Version

1. Clone the website repository or download the source code.

2. Install required dependencies by running:

bash

Copy code

npm install

or the equivalent command for your technology stack.

3. Start the server:

bash

Copy code

npm start

or run the server-specific start command.

4. Open a web browser and visit http://localhost:3000 (or the specified port).

Feel free to reach out via the **Contact Us** page for support or feedback. Enjoy your experience!
